## DETAILED ACTION

### *Allowable Subject Matter*

1. Claims 83-107 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Claim 105 recites, inter alia, two secondary windings each being wound on a secondary bobbin, said primary bobbin and said secondary bobbin being concentrically located with respect to each other and said coils wound on said bobbins defining a concentric space being filled by an insulator, wherein said two primary windings are coupled in parallel and said two tertiary windings are coupled in parallel.

The art of record does not disclose the above limitations, nor would it be obvious to modify the art of record so as to include either of the above limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
